EDUCATION

Bachelor of Technology, Information Technology , MCKV Institute of Engineering	2021 - 2025
Higher Secondary (ISC) , St. Agnes' Convent School	2019 - 2021
Secondary (ICSE) , St. Helen's School	2019

SKILLS

Languages	Python, Dart, JavaScript, TypeScript
Frameworks and Libraries	Next.js, React.js, Flask
Databases	MongoDB
Soft Skills	Collaboration, Adaptability, Leadership, Time Management

EXPERIENCE

Entry Level Associate - Web CodeClouds	Mar 2025 - Present <i>Kolkata, India</i>
--	---

- Developed a **desktop tracker app using React TypeScript and Python** to monitor employee login and activity logs.
- Ensured smooth backend integration and secure data handling in collaboration with cross-functional teams.

Intern CodeClouds	Aug 2024 - Feb 2025 <i>Kolkata, India</i>
-----------------------------	--

- Developed a **Flutter-based Visitor Management System** during internship, handling user data capture and secure login flow.
- Independently delivered a low-code solution for a dance academy client, managing student tracking and batch scheduling while overseeing the full project lifecycle.

Campus Ambassador GeeksForGeeks	Sept 2022 - Sept 2023 <i>Kolkata, India</i>
---	--

- Promoted tech events and workshops in the campus community.
- Managed event coordination, technical sessions, and social engagement.

PROJECTS

My Library - NextJS, MongoDB, Flask. Developed a full stack webapp to store the details of the books in my own library.

URL Shortner - NodeJs, ExpressJs, MongoDB. Developed and deployed a backend service for shortening URLs with custom slugs.

Virtual Mouse - Python. Developed a Python-based Virtual Mouse using OpenCV and hand gesture recognition, enabling functionalities like left and right clicks, brightness control, and zoom actions.

Visitor Management App - Flutter. Developed a Flutter-based mobile app in CodeClouds to manage visitor check-ins by capturing user data and photographs during login.
